

Alle gode og
fuldkomne gaver
kommer ned fra oven,
fra lysenes fader

Rejs dig,
bliv lys, for
dit lys er
kommet!

The photograph shows a cemetery scene. In the foreground, a large, dark, rounded granite headstone is partially obscured by green bushes and a flowering plant with white and green variegated leaves on the right. The headstone has two inscriptions in cursive script. The background features a white house with a chimney and a gabled roof, surrounded by trees and shrubs. The lighting suggests a sunset or sunrise, with a warm glow behind the house.

For at lyse for dem
der sidder i mørkets
og dødens skygge

Gud er lys, og der er
intet mørke i ham

A photograph of a European-style pedestrian street. The street is paved with light-colored rectangular stones. On the left, there are multi-story buildings with many windows. A few bicycles are parked on the left side. On the right, there are more buildings, some with awnings. A young tree with green leaves is in the foreground on the right. A manhole cover with a decorative pattern is visible on the pavement near the tree. The sky is bright and cloudy. The text is overlaid in white, serif font.

Jeg danner lys og
skaber mørke,
jeg frembringer
fred og skaber
ulykke,
jeg, Herren,
frembringer alt dette.

I er verdens
lys. En by,
der ligger
på et bjerg,
kan ikke
skjules

Men hvis vi
vandrer i
lyset,
ligesom han
er i lyset,
har vi
fællesskab
med
hinanden

Lyset skinner
i mørket, og
mørket greb
det ikke

For engang
var I mørke,
men nu er I
lys i
Herren; lev
som lysets
børn
